When this article was originally published in the Eur J Psychiatr 2012; 26(4): 266-278 there was an error in figure 1 (page 275) and specifically numbers and abbreviations were dropped accidentally on subfigures 1c and 1d. . The complete figure is as follows:

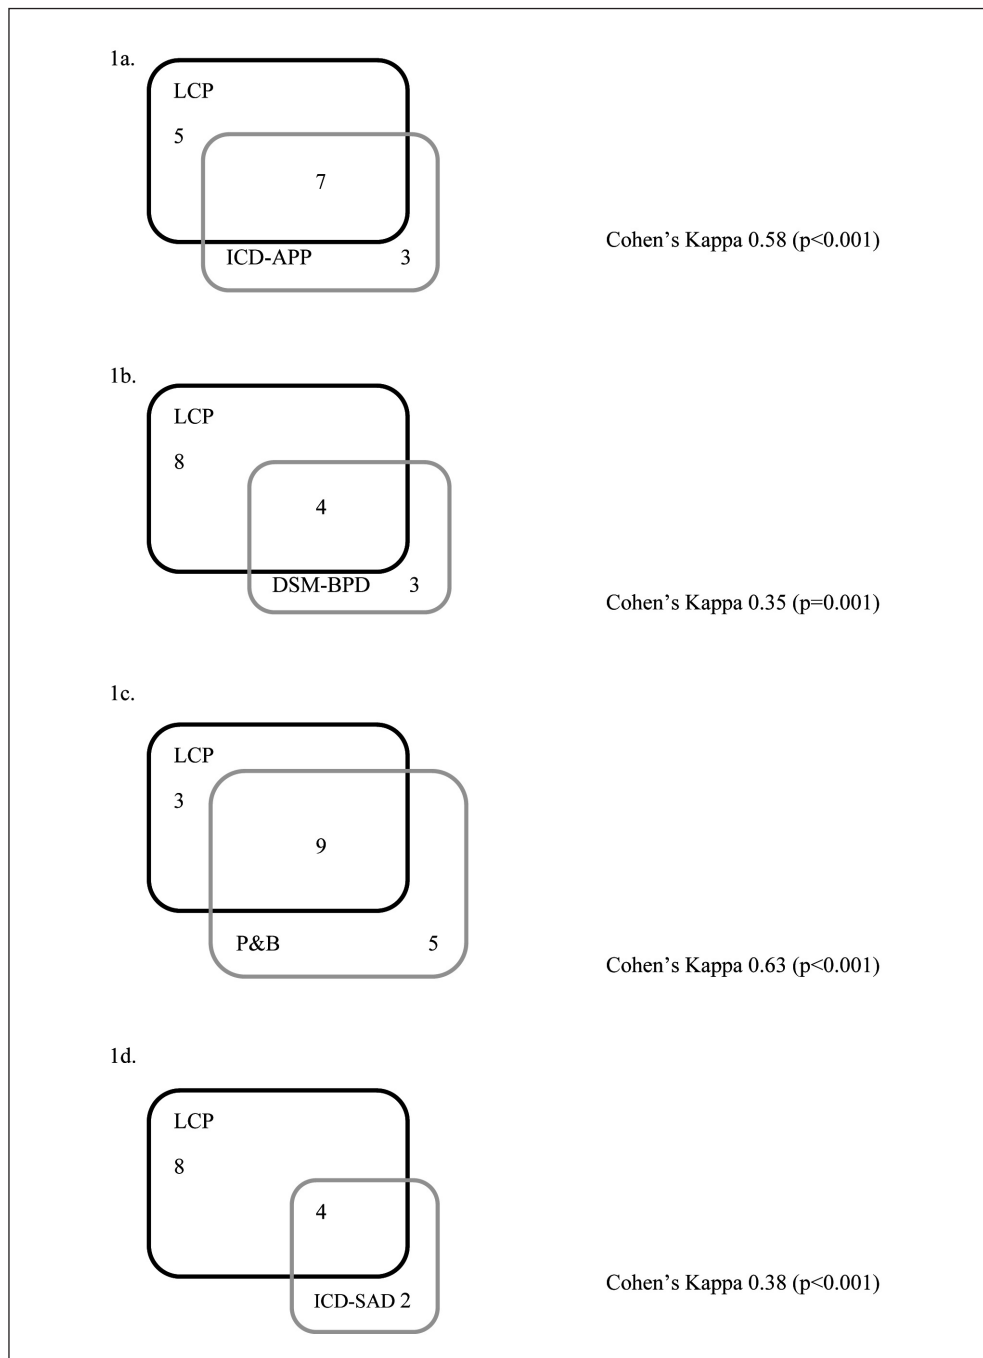

Figure 1a-1d. Concordance between Leonhard's cycloid psychosis (LCP, n = 12) and a) ICD-10 acute polymorphic psychotic disorder (ICD-APP, n = 10), b) DSM-IV Brief Psychotic Disorder (DSM-BPD, n = 7), c) Perris and Brockington criteria (P&B, n = 14) and d) ICD-10 schizoaffective disorder (ICD-SAD, n = 6).
