## Communications

---

Para organizar la presentación de comunicaciones al Congreso, el Comité Científico remitió a los países miembros a través de sus respectivos inspectores generales de Sanidad, unas directrices para la presentación de los resúmenes señalando una fecha límite para su recepción. Con posterioridad, esta fecha inicial se prolongó hasta el 15 de julio, para facilitar la confección de los resúmenes a los autores.

*In order to organize the communications to the Congress, the Scientific Committee sent to the member countries, through their respective General Health Inspectors, guidelines for the presentation of abstracts, indicating a deadline for their receipt. Subsequently, this initial date was extended until July 15 to facilitate the author's preparation of the abstracts.*
